

The Network Maintenance Agreement Summary

Description of Services

Ongoing network support services will be provided during regular business hours (8:30am to 5:00pm Monday to Friday) and will be performed either remotely or on-site, whichever yields a faster turn-around, and depending on the nature of the service to be performed. Services to be provided under our Network Maintenance Agreement are as follows:

1. Monitoring of performance and corrective maintenance of overall network.
2. Monitoring and corrective maintenance of the data backup systems, tapes, and tape drives.
3. Disaster recovery preparations (emergency boot and repair disks, etc.).
4. Recovery and restoration of network operating system and data in case of loss.
5. Network administration, including adding/removing user accounts, setting up new printers, etc.
6. Controlling access rights to implement security policy, scheduled password changes, etc.
7. Virus signature file updates.
8. Installing updates and patches for network software.
9. Network server hardware maintenance (heat sinks, processor fans, cooling fans).
